BRYAN ON THE HOME STRETCH

MAKES AN ADDRESS AT HIS ALMA
MATER.

The Students of Illinois College Listen to
an Address by the Nominee and are
Then Given Holiday in Honor of His
Visit—He Tells the People of Jackson-
ville That He is Prepared to Meet the
Enemy on Any Battlefield—Defends
the Income Tax.

Jacksonville, Ills., Oct. 26.—Perhaps
the noisiest demonstration that was ever
given any one within the walls of the
chapel of Illinois College was the one
paid William J. Bryan this morning by
the students of his alma mater. Shortly
after 10 o'clock he spoke to the students
of the college from which he was gradu-
ated and the applause which greeted him
seemed out of place in the room devoted
to the devotional exercises of the institu-
tion. His address while of a political
nature and a defense of the double stand-
ard theory of finance, was so diplomati-
cally given that no student within his
hearing could take offense at it. The
same simple exercises which he partook
for six years as a student in the college
were gone through with this morning.

Dr. John E. Bradley, the president of
the Illinois College, presided over the
meeting and the exercises were opened by
the reading of the scriptures by Dr. Brad-
ley, responsive reading of a Bible lesson
and prayer by Dr. T. P. Carter, professor
of natural science. Then Dr. Bradley
gave a short introductory address, saying
that of the distinguished alumni of Illi-
nois College, who had reflected honor
upon that institution, that no one stands
and no one ever stood in such a public
distinction as the guest of the morning.
After Mr. Bryan's address, Dr. Bradley
announced that in honor of the presence
of the distinguished guest the students
would observe the rest of the day as a
holiday and he called upon the members of
the Sigma Theta to escort Mr. and Mrs.
Bryan to the carriage and act as a guard
of honor through the grounds of the in-
stitution. The members of that fraterni-
ty drew up in line and, singing their
fraternity song, marched on either side
of the carriage, and when the vehicle con-
taining the guests had reached the gates
the students bade the nominee and his
wife God-speed and supplemented the
farewell with long and loud college yells.

That portion of the city hall square in
Jacksonville about the gaily decorated
speaker's stand was densely crowded
when at 2 o'clock this afternoon Mr.
Bryan began to speak. The ovation given
him was one of the greatest he has re-
ceived anywhere in a city of anywhere
near the size of Jacksonville. There was
a parade during the day which would
have done credit for a town much larger
than Jacksonville. There was a notice-
able number of yellow ribbons scattered
through the crowd but they were in the
minority. Mr. Bryan was introduced by
Judge O. P. Thompson in a short flatter-
ing speech and when he took the stand to
speak he was cheered wildly. He said in
part:

"It is always pleasing to meet a large
number of people in any part of the coun-
try, but it is especially gratifying to find
so many willing to turn out on this occa-
sion when I come back to the city which
was for many years my home. It is grati-
fying to meet again the friends whom I
used to know and to learn by their pres-
ence and their words that the acquaint-
ance then formed is continued and the
good will that they so often manifested
is still evident. I come back as the
representative of a great principle, and as
the champion of a great cause, as the
candidate of those who believe that the
American people are able to attend to
their own business. If there is any one
in Morgan county who believes that sev-
enty millions of people must bow the
knee to foreign nations and bend their
necks to a foreign yoke, I cannot expect
those people to vote for me this year, be-
cause I do not believe that we should sub-
mit ourselves to foreign dictation.

"The national parties declared the
money question to be the paramount issue
of the campaign and those bolting Dem-
ocrats who went over to help the Repub-
licans without having the courage to call
themselves Republicans, also declared
that the money question was the param-
ount issue, and yet our opponents, when
they find themselves unable to meet the
argument in favor of bimetalism, when
they find themselves unable to convince
the American people that our finances
are safest when in the hands of syn-
dicates, I say our opponents, failing
in the first fight they had made, now turn
to the people of this country and say that
the election of the Chicago ticket is a
menace to our Government. We are pre-
pared to meet our enemies on any battle-
field, but we want them to distinctly un-
derstand that no matter how badly they
have been defeated in argument that they
have got to face this money question be-
fore the American people."

Mr. Bryan then defended the plank in
the Chicago platform relating to the in-
come tax and the criticism of the sup-
reme court. He quoted the dissenting
opinion of Justice Brown and then went
on to reply to the charge that the Dem-
ocrats were trying to array class against
class. Mr. Bryan afterwards addressed
an audience of women at the Opera House
and left for Alton at 4:15 p. m.

SPEAKING AT WINSTON.
Winston, N. C., Oct. 26.—Burton Har-
rison, of Virginia, who was Jefferson
Davis' private secretary; Hon. J. W.
Peckham, of New York, and M. Sykes, a
law partner of Judge W. B. Hornblower,
made speeches here to-night for the Pal-
mer-Buckner gold standard ticket. While
here the speakers were the guests of Hon.
H. E. Fries, who tendered them a recep-
tion after the speaking at Hotel Phoenix.

TYNAN ARRIVES.

Ridiculed the Reported Cleverness of
Scotland Yard Detectives.

New York, Oct. 26.—P. J. Tynan, the
alleged "No. 1" of the Phoenix Park
murders, was a passenger on the North
German Lloyd steamer Saale, which ar-
rived this evening from Bremen. Mr.
Tynan was seen at Quarantine. He said
that he naturally hesitated to talk for
publication, even in this country, as it
was possible any utterance by him might
compromise others and perhaps those
who had been kind to him. He refused to
discuss the purpose of his visit to Europe,
but he emphatically stated that his mis-
sion was entirely successful.
He ridiculed the reported cleverness of
the Scotland Yard detectives and said he
had been under their noses a number of
times without being suspected. He said it
was owing to some carelessness while in a
certain city that the detectives began to
suspect him. He refused to say what city
he referred to. His treatment in the
French prison was exactly the same as
that accorded other prisoners but he had
the privilege of sending to the canteen for
his meals. The sub-prefect and all the
attaches were very much interested in
him and warmly espoused his cause.
After his release he went to Paris for a
short stay to recuperate. He will go at
once to his home to see his wife and eight
children. He was expecting his friends
to make something of a demonstration on
his arrival.

SULKING IN HIS TENT.

Tom Watson Steadily Refuses to Re-enter
the Campaign.

Chicago, Oct. 26.—An Atlanta special
to the Herald says: Thomas E. Watson
has announced his definite conclusion in
regard to the national campaign, which is,
from now to the day of election, he
will do nothing whatever. All efforts of
the Democratic leaders to induce him to
support Bryan and urge the election of
the silver candidate without any reference
to the Vice-Presidency have failed. He
will not withdraw from the ticket. He is
at his home in Thomson and proposes to
stay there until the election. The fusion
between the Populists and Republican
candidates for Congress in the various
districts seems to be rapidly perfecting
itself.

VERY GOOD NEWS.

Fusion Has Been Completed in the Old
North State.

Raleigh, N. C., Oct. 26.—The following
telegram was sent to-night:
"Daniel J. Campau, chairman, Chi-
cago: Electoral fusion between Popu-
lists, Democrats and silver Republicans
complete in North Carolina, which as-
sures Bryan a majority of at least 30,000
in this State. Hal W. Ayer, chairman
People's party executive committee;
Clement Manly, chairman Democratic
State executive committee."

The basis upon which fusion was agreed
was five Democrats, five Populists, and
one national silver man.

SPAIN HAS MONEY.

Madrid, Oct. 26.—The premier of
Spain, Senor Canovas del Castillo, has
requested the Associated Press to announce
that the reports, said to have been cir-
culated in the United States, that Spain
has not the resources necessary to continue
war in Cuba are unfounded. He adds
that the fact that the government can
rely upon securing the funds necessary is
proved by its refusal of the conditions
proposed in Paris for a new loan, negotia-
tions for which are proceeding elsewhere,
and also, he says, by the postponement
of bringing out the almaden del azogue
(quick silver mines) loans which, it is
claimed, is awaiting a better market.
In conclusion, the Spanish premier states
that the Spanish banks have combined
with the foreign banks ready to take up
the new loan, and that the country is pre-
pared to make all the necessary sacrifices
of men and money.

HOBBART SPEAKS.

Camden, N. J., Oct. 26.—Garret A.
Hobart, the Republican candidate for
Vice-President, made what was practi-
cally his first political speech of the cam-
paign to night at Temple Theatre, in
this city before an audience that filled
the place to overflowing. The meeting
marked the commencement of a cam-
paign throughout the State, in which Mr.
Hobart will speak. Previous to the
theatre meeting, the candidate was given
a reception at the Camden Republican
Club, where for two hours a steady line
of persons shook hands with him and
Governor Griggs, the latter assisting him
in receiving. After this Mr. Hobart was
the guest of United States Senator Sewall
at dinner.

CONGRATULATING WISE.

Washington, Oct. 26.—The Republican
Congressional committee to-day decided
that George W. Murray, the colored
member of the House from the First
South Carolina district, is the nominee
for Congress on the Republican ticket in
that district. There has been a contest
between Mr. Cohen and Murray, and the
committee was called upon to designate
which was the nominee in fact. In the
Second Virginia district Mr. Deyer has
withdrawn, and the committee congrat-
ulates R. A. Wise upon this happy settle-
ment of the difficulty, and calls upon all
Republicans to support him.

HE IS ALARMED

Washington, Oct. 26.—The resignation
of Second Lieutenant Joseph R. Binns,
Second Infantry, has been accepted to take
effect immediately. This officer tendered
his resignation in a long letter setting out
his belief that a collision between the peo-
ple and the United States army will fol-
low the election, in which case he wrote
that he cannot conscientiously serve
against the former.

6 five hundred dollars; and any conductor who shall refuse
7 or neglect to carry out the provisions of section two of this

2 the provisions of this act be, and the same are, hereby re-
3 pealed.
- 6 This act shall be in force from its passage.

A GOOD IDEA.

Bryan's Convention Speech to be Read in
Every Courthouse.

Mexico, Mo., Oct. 26.—A plan has been
promulgated to have Candidate Bryan's
Chicago convention speech read in every
courthouse in the United States before the
election. Harry Turner, of Mexico, made
the suggestion to Chairman Jones, of the
Democratic national committee, and has
received this letter from the chairman,
dated Chicago:

"Your letter is received and carefully
read. I would be gratified beyond
measure if you would take active hold of
the matter indicated and give as wide
circulation as you possibly can. I believe
the reading of Mr. Bryan's Chicago
speech in every courthouse in the United
States will do wonderful good. I thank
you very much for the interest you man-
ifest in the campaign."

Mr. Turner therefore suggests that the
chairman of the central committee of each
State, "issue a manifesto requesting some
leading Democrat in each county seat
throughout the country to get up a
"Bryan love feast" next week, and have a
man with a good voice read the speech."

THE SUICIDE BURIED.

Juneau, Wis., Oct. 26.—The remains
of W. T. Rambush, who was accused of
defauling in a large sum and who com-
mitted suicide in Fredericksburg, Va., ar-
rived here Sunday. They were immedi-
ately taken to his home, where the funeral
services were held. The remains were
identified by a jury of six men and were
then viewed by the people assembled.
After a short funeral service the body
was taken to the cemetery for burial.

ONE MAN KILLED.

Norfolk, Oct. 26.—An accident occurred
on the Norfolk and Western railway at
Ivor Sunday night by which one man lost
his life. A coal train composed of some
forty cars was running east when an axle
on one of the cars broke, derailing a num-
ber of cars and covering the tracks with
wreckage. In the smashup a colored
brakeman named Ellis Wilson, residing
in Petersburg, was caught between two
of the cars and almost instantly killed.
News of the wreck was sent to Petersburg
and a wrecking train was sent out and
the track speedily cleared. Trains are
now running on time.

FATAL EXPLOSION.

Two Men Killed by the Deadly Nitro-
Glycerine.

Pittsburg, Pa., Oct. 26.—Two men
were killed and five persons were injured,
three seriously, by an explosion of 1,500
pounds of nitro-glycerine this morning at
the Acme Dynamite Company's Works,
near Hulton, Pa. The dead are: James
La Bree, chief mixer; Joseph Kusie, en-
gineer. The injured are: James Sing-
holder, Robert Singholder, Emma John-
ston; two unknown boys.

The injured were all employees engaged
at work in another department 300 feet
away from the scene of the explosion,
which was the mixing department. The
cause of the explosion is not known, but
it is supposed that La Bree and Kusie
were thawing glycerine. The building
was completely demolished, and the
bodies of the two men mangled beyond
recognition. The loss was about \$5,000.
Windows were shattered and houses
shaken for a distance of more than a
mile.

IN THEIR DESPERATION.

Chicago, Oct. 26.—Arrangements have
been completed by the Republican na-
tional committee with the different trunk
lines running west from St. Louis to send
special trains next Wednesday morning
through Missouri under the management
of the Commercial Travelers Clubs of
St. Louis. Each train will have twenty
men selected from the clubs and five
speakers to make addresses at the ap-
pointed stopping places on the different
routes. The trains will be handsomely
decorated and will carry a large supply
of literature, etc., for distribution. Partic-
ular attention is to be paid the farming
districts.

REWARDED, THEN PUNISHED.

Pekin, Oct. 26.—Li Hung Chang has
been appointed minister of foreign affairs.
Simultaneously with his appointment as
minister of foreign affairs an imperial
edict orders Li Hung Chang to be pun-
ished for presuming to enter the precinct
of the ruined summer palace while visit-
ing the dowager empress.

PROPOSED REFORMS.

Paris, Oct. 26.—A dispatch to the Fi-
garo from Constantinople says that an
imperial will soon be published decreeing
sweeping reforms, including directions
that the portfolios of minister of foreign
affairs, minister of finance, minister of
agriculture and minister of public works
shall be held by Christians, three Turks
and one European; that Christian gov-
ernors shall be appointed for the vilayets
where a majority of the population is
composed of Christians, and that a mixed
general council shall be elected in each
province, its proceedings to be subject to
a council of state.

BRUTAL TREATMENT OF CUBANS

SHOCKING TALE OF SPANISH
BARBARITIES.

This Man Saw an American Shot
in Cold Blood by Spanish Officer
dreds of Prisoners Fed to
Sharks—Any Attempt to
Met With Instant Death—Defen-
Women Outraged by Spanish Brutue.
3,000 Men in One Prison.

Denver, Col., Oct. 26.—Charles Loch,
of this city, who joined the Cuban army
last spring and was taken prisoner by the
Spaniards, after three months' impris-
onment in Moro Castle, was released
through the intercession of Consul Gen-
eral Lee, has reached home.

"The sentiment among the Cubans,"
said he, "is that Cuba will be free with-
in four or five months. It is estimated by
well informed officers of the Cuban army
that the Spaniards have lost 35,000 men
since the war. The atrocities practised
by the Spaniards who are exasperated by
beyond endurance by the persistence of
the Cubans would hardly be credited. I have
seen defenseless women and girls out-
raged, and I saw an American citizen,
Dan Erb, formerly a fireman on the Den-
ver and Rio Grande railroad, at Leadville,
shot down in cold blood by a Spanish
officer. Erb was taken prisoner at the
same time as myself. We were held as
prisoners on the side of the railway
track, awaiting the train to carry us to
Havana. A Spanish officer entered into
conversation with Erb, who exclaimed
defiantly that he was an American citi-
zen and expected to be treated like a
man. The officer drew a six-shooter and
killed Erb on the spot.

"While confined in the castle I wit-
nessed many startling scenes. Every
morning the prisoners are obliged to go
to the sashore to bathe. They are sent
out in gangs of twenty men, under heavy
guard. I noticed that some never re-
turned. The missing men were eaten by
sharks. Hundreds and perhaps thou-
sands of prisoners have been disposed of
through the agency of the sharks.

"The doors of the enclosure surround-
ing the castle are left open as if to invite
escape, but no man who has made the at-
tempt has ever been heard of again.
Those who attempt to leave are shot down
like rats.

"In the castle I was fed on tortillas and
water. The tortillas had evidently been
doctored, for it tasted unlike any I ever
tasted. The water was salt and brought
on dysentery. In a room eight by ten
feet in size twelve prisoners were packed.
At night we were obliged to sleep in tiers,
the upper tier reaching to the ceiling. Of
course there was no ventilation and
everybody in the room was sick. Accord-
ing to the best estimate I could get there
are over 3,000 men confined in the castle
under the conditions I have named."

CUBAN NEWS.

Havana, Oct. 26.—Capt.-Gen. Weyler
has offered to place at the disposal of the
local government six army doctors to act
as professors at the University of Havana,
the regular staff of professors having
been compromised in various manners in
the rebellion.

The insurgents under Castillo and Rod-
ríguez made an attack last night upon
Batabano, the southern seaport of the
province of Havana, situated almost di-
rectly south of this city and connected
with it by about thirty miles of railroad.
The enemy, it is announced, was repulsed
by the Spanish garrison of the place, but
it is admitted that in retreating the in-
surgents burned several houses. Insur-
gent advisers say that the attack on Bata-
bano was very much more successful than
the authorities here are willing to admit,
and that a large number of houses were
burned and other damage done to the
place. The officials say that only five
soldiers were killed and, contrary to cus-
tom, nothing is said about the loss of the
insurgents.

The insurgents have destroyed with
dynamite a culvert near the railroad sta-
tion of Mangas, in the province of Pinar
del Rio.
